STATEMENT OF INSTITUTIONAL MISSION
THE UNIVERSITY OF KANSAS

University of Kansas Medical Center

"The University of Kansas Medical Center, an integral and unique component of the University of Kansas and the Kansas Board of Regents system, is composed of the School of Medicine, located in Kansas City and Wichita, the School of Nursing, the School of Allied Health, the University of Kansas Hospital in Kansas City, and a Graduate School. The KU Medical Center is a complex institution whose basic functions include research, education, patient care, and community service involving multiple constituencies at state and national levels. The following paragraphs chart the KU Medical Center's course and serve as a framework for assessing programs, setting goals, developing initiatives, and evaluating progress.

"The University of Kansas Medical Center is a major research institution primarily serving the State of Kansas as well as the nation, and the world, and assumes leadership in the discovery of new knowledge and the development of programs in research, education, and patient care. The KU Medical Center recognizes the importance of meeting the wide range of health care needs in Kansas--from the critical need for primary care in rural and other underserved areas of the state, to the urgent need for highly specialized knowledge to provide the latest preventive and treatment techniques available. As the major resource in the Kansas Board of Regents system for preparing health care professionals, the programs of the KU Medical Center must be comprehensive and maintain the high scholarship and academic excellence on which the reputation of the University is based. Our mission is to create an environment for:

Instruction. The KU Medical Center educates health care professionals to primarily serve the needs of Kansas as well as the region and the nation. High quality educational experiences are offered to a diverse student population through a full range of undergraduate, graduate, professional, postdoctoral, and continuing education programs.

Research. The KU Medical Center maintains nationally and internationally recognized research programs to advance the health sciences. Health related research flourishes in a setting that includes strong basic and applied investigations of life processes, inquiries into the normal functions of the human body and mechanisms of disease processes, and model health care programs for the prevention of disease and the maintenance of health and quality of life.

Service. The KU Medical Center provides high quality patient-centered health care and health related services. The University of Kansas Medical Center will be the standard bearer in the development and implementation of model programs that provide the greatest possible diversity of proven health care services for the citizens of Kansas, the region, and the nation."

TABLE 1-118
KANSAS REGENTS SYSTEM MISSION STATEMENT
1992-2000

"Since its creation in 1925, the Kansas Board of Regents has worked for a constructive relationship between the universities and the state. The Regents institutions impart society's cultural heritage, prepare students for productive activity, open their minds to alternative ways of thinking and living and acquaint them with ways of learning which may be utilized throughout life. Learning is of central importance. Each institution provides an array of general education courses as a fundamental component of the undergraduate degree. Liberal arts and sciences, professional, and graduate degree programs are offered as appropriate and as approved by the Board. In turn, the state and its citizens provide resources to support university activities.

"To address the challenges of the next century, Regents universities must be more rigorous, more productive, more efficient in the use of human resources and facilities. They must become examples of institutions willing to change to meet the needs of America and Kansas in an ever more competitive and complex world. The state must revitalize its efforts to provide sufficient funding for this competitive edge, because our future competitiveness is a well educated populace. The accomplishments of the universities are found in the graduation of productive students who contribute to the state's economy and culture. They are found in students who attend Regents universities because of teachers and programs which foster curiosity, questioning and intellectual pursuit. They are found in research and cultural undertakings that improve the quality of life in the state.

"Higher education in Kansas is shaped by the belief that the individual and society benefit from the educational enterprise. The responsibility of the Board of Regents is to provide a system of public education which influences and fulfills articulated public values. Through the organization and oversight of human and fiscal resources the Board works to turn public aspirations into meaningful achievements. While campus ambition and energy are essential, they must be focused to effectively meet the challenges at hand. The critical job of the Regents system and the Board is to balance autonomy and accountability, to identify priorities for the universities and nurture the ability of the presidents and the chancellor to direct campus ambition and energy, to develop the proper balance between the scholar and the practitioner. The goal is to recognize differences, encourage pursuit of distinctive pathways and foster a cohesive response to the state's expectations.

"A public value expresses a shared belief about the importance, worth and purpose of an object or set of behaviors. There are five essential values guiding the Board of Regents and its institutions as the twenty-first century approaches: diversity of institution, quality of programs, availability of programs, effectiveness of instruction and administration, and overall institutional performance and accountability. The role of the Kansas Board of Regents, in concert with campus constituencies, is to assure continued and measured movement toward fulfilling these values.

The 2005 edition of the Fiske Guide to Colleges praises the University of Kansas for its "huge number of high-ranking academic programs" and names it one of the top 20 public university best buys for "remarkable educational opportunities at a relatively modest cost." Each year, Fiske ranks academics, social life, and overall quality of university life on a scale of one to five stars. KU has scored four stars in each category every year since the first edition of the guide was published in 1982. The guide also notes that "Lawrence is a great town for college students" and calls the historic Mount Oread campus "one of the most gorgeous in the United States." Several programs are cited for "unusual strength" in preprofessional areas.

KU is one of:

- 18 major universities strong in film/television
- 20 public universities strong in architecture
- 28 major universities strong in communications/journalism
- 35 public universities strong in business
- 39 public universities strong in engineering

The guide also highlights biological sciences, economics, environmental studies, nursing, pharmacy, social welfare, premed studies, allied health, fine arts, education, business and Spanish and Portuguese as among KU's strongest programs.

4. *Barron's Best Buys in College Education (1998 edition, edited by Lucia Solorzano, a former associate editor for U.S. News and World Report.)*

Describing KU as "the flagship university of Kansas," the book notes that KU "draws bicoastal attention, offering a wealth of big college experiences for a comparatively small price." The guide gives high marks to KU's journalism, engineering, architecture, psychology, biology, theatre, accounting, East European, Russian/Slavic languages programs, and pharmacy.

5. *Kiplinger's Personal Finance Magazine, November 2003 issue*

KU ranks as one of the best values in public universities in the nation where students "can get an excellent education for a reasonable price," according to the November 2003 issue of *Kiplinger's*. KU ranked 22nd in the nation for in-state students and 26th in the nation for out-of-state students seeking top universities that "give students the best bang for the buck."

6. *America's 100 Best College Buys - 2000* (an annual report published by Institutional Research and Evaluation Inc., an independent research and consulting organization specializing in the recruiting and retention of students for institutions of higher education.)

Low tuition and a freshman class with above-average grade-point averages and test scores have placed KU among the nation's "100 best college buys." The report focused on tuition, GPAs, and ACT test scores of incoming freshmen to determine which colleges and universities provided the highest quality in education at the lowest cost. "A college or university does not have to be expensive to be good," said IRE president Lewis T. Lindsey Jr. "In the 1998-99 school year, students attending one of America's 100 Best College Buys saved an average of \$2,399 over the national average of one year of college." Sixty-three public and 37 private colleges and universities met the requirements for the report, and 37 states were represented.

7. Kaplan's *The Unofficial, Unbiased Insider's Guide to the 320 Most Interesting Colleges*, published in 2002 by Simon & Schuster.

In a nationwide survey of high school guidance counselors, KU was cited as an "excellent and affordable choice for Midwestern students" and a "best value" in the country. Counselors said students told them KU offered "tremendous athletics and a great assortment of majors at a very attractive price." It highlighted the programs in architecture, pre-med studies, nursing, pharmacy, engineering, and journalism as among KU's best. The guide also calls the Spanish and Portuguese programs "exceptional" and lauds KU faculty as "remarkably accessible." KU students "highly recommend KU's honor program for its small classes and caring advisers."

8. *Hispanic Outlook in Higher Education* magazine, November 2004 issue

KU has been selected in the 2004 Publishers Picks list of colleges and universities that have a solid record of "recruiting, enabling and graduating Hispanic students." The magazine also named the KU William Allen White School of Journalism to its list of top 25 university programs granting the most bachelor's degrees in journalism and mass communications to Hispanics. KU was 19th on the list.

9. Princeton Review's "America's Best Value College" list, April 2004

KU has been named as one of the 77 "Best Value" undergraduate institutions in the nation. KU was also named one of the "Best in the Midwest," one of 150 institutions profiled in the Princeton Review's first edition of "The Best Midwestern Colleges."

Princeton Review has also named the KU business and law schools to its list of best schools in the nation.

10. *Gourman Reports*

KU supports the Action Committee for Higher Education statement regarding the Gourman Report: "To our knowledge, no higher education association at the national level endorses the report."

* Data include Lawrence Campus, KU Center for Research, KU Athletic Corporation, KU Union, and Eliminations.

The above FY 2004 Annual Financial Report (AFR) of the University of Kansas reflects KU fiscal year revenue and expense data which have been prepared and presented according to Generally Accepted Accounting Principles (GAAP), which were established by the Fair Accounting Standards Board (FASB). The AFR uses the accrual basis of accounting, and is sufficiently different from the cash basis of accounting used by the Regents universities budget offices to make the financial data from these two sources noncomparable.

All other data in this section of *Profiles* reflect the cash basis of accounting which traditionally has been used in the Kansas Regents system and not GAAP.

* Bureau of Economic Analysis (BEA) released comprehensive revised estimates of per capita personal income for 1969-2002 in April 2004.

Definitions:

Per Capita Personal Income - personal income is the sum of wage and salary disbursements, other labor income, proprietor's income with inventory valuation and capital consumption adjustments, personal dividend income, personal interest income, and transfer payments to persons, less personal contributions for social insurance. State per capita personal income is calculated as the personal income of residents of the State divided by the population of the State as of July 1.

Median household income - a household consists of all people, related family members and all unrelated people, who occupy a housing unit. Income information is collected on all individuals 15 years and older in the household and combined. Median income is the amount which divides all household income totals into equal groups, half having incomes above the median, half having incomes below the median.

FISCAL YEAR 1989-2005

EXPLANATIONS FOR ITEMS ON THE PREVIOUS PAGE

- (1) 7.3% increase was 5.0% merit and 2.3% Margin of Excellence; 7.55% increase was 5.0% merit and 2.55% Margin of Excellence.
- (2) 4.0% increase for unclassified and 2.75% for OOE were first approved by the Legislature then a 1.75% roll back in all General Fund appropriations was approved. KU allocated the net new money as 2.7% for salaries and 1.75% for OOE.
- (3) In August 1991, the Governor implemented a 1% State General Fund reduction. This action lowered the KU base, and funds from sources throughout the University were used to cover the reduction.
- (4) 1% unclassified, 1% classified base increase, and 1% student help delayed by the Legislature until January 1993 so "annual" increase amounted to 3.0%.
- (5) Due to a 1% State General Fund reduction (approximately \$1 million) imposed by the Legislature, only 2.5% of the 4.0% OOE base increase was allocated. The remaining 1.5% of the base increase plus additional funds from the units (approximately \$700,000) were used to cover this reduction.
- (6) Additionally, there was an increase in the state of Kansas contribution to the unclassified retirement programs from 8% to 8.5% of salary, together with requiring an additional employee contribution from 5% to 5.5% of salary.
- (7) 1.5% of the 4.0% was delayed by the Legislature until mid-September. An additional \$1.9 million, which equaled 2.5%, was appropriated for ranked faculty merit pool.
- (8) 1.5% increase was delayed by the Legislature until mid-September.
- (9) 3.5% increase was delayed by University policy until January 1996 so "annual" increase amounted to 1.75%.
- (10) 3.5% passed by the Legislature. 1.75% allocated to units by University policy, balance allocated to University Libraries to meet student help needs.
- (11) 2.5% increase was delayed by the Legislature until January 1997 so "annual" increase amounted to 1.25%.
- (12) The 4.8% increase is comprised of two components: 1) appropriation of 3.5% merit, 2) faculty salary enhancements of 1.3% (KU received \$889,500 of the \$3.4 million appropriated to the Regents for these enhancements.)
- (13) The 5.9% increase is comprised of two components: 1) appropriation of 2.5% merit, 2) faculty salary enhancements of 3.4% (KU received \$2,261,267 of the \$8.4 million appropriated to the Regents for these enhancements.)
- (14) The 6.0% increase is comprised of two components: 1) appropriation of 3.0% merit, of which 1.5% was delayed by the Legislature for 4 ½ months for 9 month faculty, and 6 months for 12 month faculty; 2) faculty salary enhancements of 3.0% (KU received \$2,378,777 of the \$8.4 million appropriated to the Regents for these enhancements.)
- (15) Of the 3.0% increase, 1.5% was effective the beginning of the fiscal year and the remaining 1.5% was delayed by the Legislature until mid-December.
- (16) Graduate teaching assistants new contract included a 10% increase to the merit salary pool for each of three years.
- (17) 1.5% salary increases were delayed by the Legislature until mid-August. Additional tuition enhancement funds were allocated to raise continuing faculty and unclassified nonfaculty salary increases to approximately 3.0%. The student salary base was increased by \$300,000.
- (18) Due to timing of tuition increase approved by Board of Regents, salary increases were delayed until beginning of third pay period, July 4, 2004. Funding sources of merit increase funds: 3.0% - state appropriations and 2% - tuition enhancement funds. An additional 1.0% for tenure/tenure-track faculty from S.B. 345 faculty salary enhancement funds - KU received \$956,417 of the \$3,333,426 appropriated to the Regents for these enhancements.
- (19) Cost of Living effective at the beginning of the fiscal year.
- (20) Plus an additional 7% (for a total of 10%) for GTA pools - consistent with the contract.
- (21) Tuition enhancement funds are used for technology, department other operating expenditures, faculty startup funds, library, and classroom improvements

** Students admitted to the University of Kansas may provide SAT scores and/or ACT scores. Therefore, beginning with the Fall 1995 class, SAT scores are converted to ACT equivalents and included in the calculation of the ACT mean.

² First-time freshmen means first time in college anywhere, or prior spring's high school graduate with some college credit.

³ Beginning in 1987 KU data were used, not the ACT Profile.

⁴ Converted SAT scores are included in the calculation of the ACT mean beginning with the Fall 1995 class.

* The one-year attrition rate for the first-time freshman class of Fall 1993 (those who did not enroll Fall 1994) climbed to 25.1%. This is an increase of 4.5% from the 1992 one-year attrition rate of 20.6%. This change, in part, can be attributed to the new dismissal policy implemented by the College of Liberal Arts and Sciences. This policy essentially monitors students at the freshman/sophomore level as opposed to the junior/senior level. As such, students who formerly may have been dismissed from the University later in their academic careers are dismissed earlier.

Note: Only full-time students are included. Full-time status is based on initial semester at KU, 12 or more hours.

TABLE 10-101
DEFINITIONS

AAU - Association of American Universities. The University of Kansas is a member of this prestigious group of sixty-two private and public institutions in the U.S. and Canada.

ACT - American College Testing (ACT) Program, admissions test accepted by KU.

Academic Year (AY) - Fall and following Spring semesters.

ASF - Assignable Square Feet. The sum of all areas on all floors of a building assigned to, or available for assignment to, an occupant or specific use. Areas defined as building service (custodial, restrooms, etc.), circulation (public corridors, elevators, stairs), mechanical, and structural are excluded.

Attrition - First-time freshmen students who are not enrolled for subsequent fall terms relative to their initial fall semester at KU. The non-enrollment may be a result of dropping out, transferring to another institution, or delaying degree completion for various reasons. Enrollment status is as of the 20th day of classes. Full-time status is based on enrollment of 12 or more hours during the initial semester.

Auxiliary - An auxiliary enterprise furnishes a service directly or indirectly to students, faculty, or staff, and charges a fee related to, but not necessarily equal to, the cost of services. Auxiliary funds include health service, housing system revenue, and parking fees.

CIP - Classification of Instructional Programs. CIP is a taxonomy for instructional programs. It is used in all National Center for Education Statistics surveys and is the accepted government standard for education information surveys.

Classified Personnel - Classified employees are subject to the State of Kansas Civil Service Program.

Educational and General - The budget of the university is composed of eight major categories of activities. The educational program includes Instruction, Academic Support, Student Services, and Institutional Support. The general component includes Physical Plant Operations, Research, Public Service, and Scholarships.

Educational Program - includes Instruction, Academic Support, Student Services, and Institutional Support.

First-time Freshmen - Includes students from the following categories: an entering freshman who has never attended any college; students enrolled in the fall term who attended college for the first time in the prior summer term; and students who entered with advanced standing (college credits earned before graduation from high school).

Fiscal Year (FY) - July 1 through June 30 of the following year.

FTE Faculty and Staff - FTE (full-time equivalent) reflects the percent of time appointed to a position in the university. For example, 100% payroll appointment equals 1.0 FTE. 50% payroll appointment equals .5 FTE.

FTE Students - FTE (full-time equivalent) students is based on student credit hours (SCH) divided by the following divisors: undergraduate SCH by 15, graduate SCH by 9, postbaccalaureate (law) by 12.

(continued)

7/05

TABLE 10-101 (continued)
DEFINITIONS

Full-time/Part-time Students - Undergraduate students who take 12 or more credit hours are full time. Graduate students taking 9 or more credit hours and law students taking 12 or more credit hours are full time. This is the definition used in reporting information to the U.S. Department of Education.

General Fees - Tuition (fund 099) collected from students, including masters level in business fees (fund 096), Pharm D program fees (fund 097), and Law School fees (fund 098). Required campus fees are not included.

General Use - General Use refers to university funding sources and includes state appropriations, student tuition, and interest.

GSF - Gross Square Feet. The sum of all areas on all floors of a building included within the outside faces of its exterior walls. Light wells, or portions of upper floors eliminated by rooms or lobbies that rise above single-floor ceiling height are excluded.

Head Count - Count of individuals (e.g., students, staff, faculty).

HEGIS - Higher Education General Information Survey. The two components of HEGIS included a series of surveys that collected data for the U.S. Department of Education (replaced by IPEDS) and a taxonomy for classifying disciplines (replaced by CIP).

HEPI - Higher Education Price Index.

High School - a student who is still enrolled in high school and also enrolled in a postsecondary course creditable towards a formal degree.

HOPE - Honors for Outstanding Progressive Educator (HOPE)--an award presented annually to a KU faculty member by the Senior Class.

IPEDS - Integrated Postsecondary Education Data Systems. IPEDS is a group of web based surveys designed to collect data from all primary providers of postsecondary education. IPEDS is a major component of the postsecondary education data collection program in the U.S. Department of Education's National Center for Education Statistics (NCES).

KU - University of Kansas nickname.

KUCR -The KU Center for Research is the authorized office for the submission and negotiation of proposals for external research support on the Lawrence campus, and for administering the financial side of research awards.

KUMC - University of Kansas Medical Center nickname. On October 1, 1998 the Hospital became an independent hospital authority, separate from the Medical Center.

Off campus - Student is enrolled solely in credit courses taught at locations other than the Lawrence campus.

On campus - Student is enrolled in at least one credit course taught on the Lawrence campus.

OIRP - Office of Institutional Research and Planning.

Other Operating Expenditures (OOE) - Expenditures for supplies, books, equipment; includes all operating nonsalary-related expenditures.

(continued)

7/05

TABLE 10-101 (concluded)
DEFINITIONS

Restricted Use - Restricted current funds are those available for financing operations but the use is dependent upon the conditions under which the funds were received. For example, federal grants funds are restricted and are expended only for the purpose for which they were awarded.

Retention - First-time full-time freshmen students who continue to be enrolled for subsequent fall terms relative to their initial fall semester at KU. Enrollment status is as of the 20th day of classes. Full-time status is based on enrollment of 12 or more hours during the initial semester.

SAT - Scholastic Aptitude Test, admissions test accepted by KU.

Service Clearing - A service department provides a specific type of service to various institutional departments rather than to individuals and is supported by internal charges to the user department's operating budget. At KU, the usage of the service clearing fund is limited by state statute and Board of Regents authorization. Departments which may use the service clearing fund include the university motor pool, printing service, computer service, and telecommunications.

Shrinkage - The concept of shrinkage is based on the notion that not all dollars budgeted for salaries will be spent due to position vacancies, turnover, leave without pay, and other personnel transactions. The amount of shrinkage for a fiscal year is typically calculated by applying a predetermined percent to salary dollars. Although the shrinkage calculation has changed over time, the underlying principles have not. For example, if salary shrinkage rate is 2 percent, the state will fund 98 percent of the budgeted salaries. The state funds salaries *net* of shrinkage.

Unclassified Personnel - University employees who are not subject to the State of Kansas Civil Service Program.

20th Day - The 20th day of classes when official enrollment counts are taken, known as the census date.
