Fall Enrollment
 University of Kansas - All Campuses
 Last Updated: March 2021

These charts show KU enrollments as of fall 20th day census points. Students are assigned to a governing campus based on where the student takes the majority of his/her credit hours. FTE is calculated by dividing total enrolled hours by 15 for undergraduates, 12 for doctoral professional students, and 9 for other graduate students. FTE set to 1.0 for students in the MED career, including MD, visiting MD, and medical residents. Student level Specialist included with Masters.

*Hints for using these dashboards:

Notes: Some of the Interactive Fact Book dashboards contain notes in a gray box detailing the source of the data and/or any data caveats that apply to the dashboard.

Segment Data:
 Limit data displayed in charts and tables by making selections in the filters available on each dashboard.

Highlight Data: Highlight data of interest in the crosstab by clicking the respective section of the pie chart.

Utilize Tool Tips:
 Hover to see detail in a tool tip.

Tableau navigation icons: back, forward, search, download, print, refresh.

Create PDF/Print dashboard: To download a dashboard as a PDF to save or print, click the download button (the box with the down arrow) on the lower right-hand corner of the dashboard. Then in the file format selection box, choose "PDF". In the download PDF options box, you can choose to either download the current tab by selecting to include "This View" or you can select "Specific sheets from this workbook" if you want to download multiple tabs. It is recommended to keep the scaling option as automatic. For the page options, all the dashboards are designed to fit on a letter size page and most of the dashboards are in portrait orientation. After finalizing your settings, click the "Download" button to create the PDF, which you can then save or print.
